

PURGE

(Polythene Usage Reduction for Greener Environment)

Brief Outline of the campaign

Purge is a campaign which aims at the reduction of polythene usage in the country. The idea is to start from our college and then connect various colleges in the country with the campaign in order to ensure that the goal is met. We also aim at providing a model which would suggest better recycling and reuse of plastics. The team has started the work of reduction of polythene and better disposal in the college campus. On further expansion of the team, we aim at dividing the team into various subsystems so that all the aspects of saving our environment from the negative effects of polythene are equally looked into.

Team Structure

Faculty Co-ordinator

Name	Designation
Dr. Appu Kuttan K.K.	Director, M.A.N.I.T.
Dr. Savita Dixit	H.O.D. Dept. Of Chemistry
Dr. Fozia Z. Haque	Horticulture Head

- Founder Co-ordinators

Name	Year	Branch
Ankit Chouksey	Third	Chemical Engineering
Ambuj Pandey	Third	Chemical Engineering
Anshul Gautam	Third	Chemical Engineering

- Alumni Support

Name
Rajesh Pal

- Final Year Representatives

Name	Branch
Palak Dubey	Elec. & Comm. Engg.
Ashutosh Singh Thakur	B. Planning
Pratik Ranjan Verma	Mechanical Engineering
Arindam Sharma	Mechanical Engineering
Anubhav Jindal	Chemical Engineering
Abhinav Tiwari	Civil Engineering

- Pre-Final Year Representatives

Name	Branch
Saurabh Murjani	Computer Science and Engg.
Gaurav Tiwari	Chemical Engineering
Mayank Samariya	Chemical Engineering

Mohammad Wasim

B.Arch.
