

GANDHI GLOBAL SOLAR YATRA

A campaign to spread awareness about the solar energy

MANIT is a partner to an endeavor of IIT Bombay in sensitization of over 1 million students towards adverse effects of climate change and making them future propagators of renewable energy, creating Global Student Solar Ambassadors, for Gandhi Global Solar Yatra (GGSY). Further details of this programme are available at <https://ggsy.in>

As a partner, we expect that more than 1000 students from various institutes in and around Bhopal will benefit from this activity. On 2nd October 2019 the students shall assemble solar lamps in MANIT labs or in their respective institutions. The student can then take away and use the lamp assembled by them. The participants will be guided by MANIT volunteer students in assembling the different parts of the lamp.
