Office of Dean (P & D)

No. Dean (P&D)/2026/4753

Dated: 28-07-2026

Subject: Maintenance of Rooftop Cleanliness and Rainwater Drainage Pipes in Residential Quarters.

It has been observed that water accumulates on the rooftops of residential quarters due to excessive accumulation of leaves, which blocks the rainwater drainage pipes. The occupants of the respective quarters are responsible for keeping the rooftops clean and ensuring that the rainwater drainage pipes remain free from obstructions to prevent water accumulation and the resulting seepage or damage.

Dr. R. K. Baghel
Dean (P&D)
