

TRAINING & PLACEMENT CELL

Maulana Azad National Institute of Technology Bhopal, M.P.

Campus Placement Workshop **Afternoon Sessions**

24th March
(3:00 PM – 4:30 PM)

Placement Insights & Guidance from Batch 2025

Evening Session (3:00 pm - 4:30 pm):

We are pleased to host an engaging session dedicated to helping students prepare for placements and career success. The session is divided into two key segments:

Part 1 (3:00 PM – 3:15 PM), Current **TPO teams from each department** will present an overview of the current placement system, sharing statistics, trends, and insights into recruiter expectations. This will provide students with a clear understanding of the evolving job market.

Part 2 (3:15 PM Onwards) will feature experience sharing by Batch 2025 students, who will discuss their placement journeys, highlighting key challenges, effective strategies, and valuable takeaways. Topics include **technical skills that made a difference, preparation strategies, interview and GD techniques, internship experiences, and common mistakes to avoid.** As a no-interaction session, students will gain direct insights from seniors who have successfully navigated the placement process.

Note : For Afternoon sessions, the online meet link will be provided by the T&P team of the respective departments.
