Online Short Term Training Program

On

Effective Articles Writing and Presentation Using LaTeX

June 3-7, 2024

Organized By

Department of Mathematics, Bioinformatics & Computer Applications

Maulana Azad
National Institute of Technology
Bhopal, Madhya Pradesh,
India-462003

Website: www.manit.ac.in

About the Institute

Maulana Azad National Institute of Technology (MANIT), established in 1960, is the premier institute for technology in Central India. MANIT is one of the leading institutions of national importance in the area of technical education. Established with the objective of developing a Centre of Excellence in central India, it aims at becoming a multi-disciplinary center for technical education by strengthening both teaching and research activities besides contributing to the needs of the rural community, society, and industry at large.

About the Department

It is one of the pioneering departments of the institution, came into existence in the year 1961. The department since its inception, and catered to the needs of under graduate and post graduate engineering departments. The department launched Master of Computer Applications (M.C.A.) program in 1987 and Master of Technology (M.Tech.) program in Bioinformatics in 2006. Recently, it has introduced dual degree program B. Tech. and M. Tech. in Mathematics and Data Science. The department comprises of well qualified and research-oriented faculty members working in various areas of Mathematics, Bioinformatics and Computer Applications.

About STTP

LaTeX is a document preparation system which is effectively used in many scientific fields like Mathematics, statistics, computer science, engineering, chemistry, physics, economics, linguistics, etc. to produce high quality documents, like articles, books, dissertations, technical reports, etc. It is an essential, powerful and open-source system that provides numerous facilities for automating typesetting of the document.

Objectives

The main objective of this STTP is to impart the knowledge and understanding about the LaTeX system, explain the procedure of LaTeX typesetting and familiarize the participants with various document formats of LaTeX and enable them to prepare research articles, thesis, books, and presentations with confidence.

Course Contents

- Basic tools for formatting texts
- Handling different types of documents
- Document layout and organization into different sections, subsections, etc.
- Writing of complex mathematical formulae
- Systematic management of tables, figures and images
- Conversion of Latex mathematical formulae into MS word formulae
- Error messages and their rectification
- Bibliographic database collection and citation using different tools and techniques
- Presentation using Beamer

Resource Persons

Experts from MANIT Bhopal and other Academic and Research Institutions having rich experience in Latex.

Who Should Participate

The training program is open to the faculty members, UG, PG and Ph.D. scholars.
