Report on "Energy Conservation Pledge" under BRICS Sustainable Lifestyles Week

ब्रिक्स सस्टेनेबल लाइफस्टाइल्स वीक के अंतर्गत "ऊर्जा संरक्षण प्रतिज्ञा" पर रिपोर्ट

As a part of the BRICS Sustainable Lifestyles Week, being observed from 1st to 3rd November 2026, the Central Library, MANIT Bhopal, took an Energy Conservation Pledge on 3 November 2026 at 4:00 PM. The programme was conducted in accordance with the directions of the Madhya Pradesh Government's Environment Department to promote awareness and encourage responsible practices for energy conservation.

The library staff members collectively took the Energy Conservation Pledge and reaffirmed their commitment to the responsible use of electricity, energy efficiency, adoption of renewable energy, and sustainable development. The pledge emphasized the importance of conserving energy in daily activities and minimizing unnecessary electricity consumption.

As a part of the initiative, staff members were encouraged to adopt energy-saving practices in their daily work, such as switching off lights, fans, computers, and other electrical equipment when not in use. The programme highlighted the importance of individual responsibility and collective participation in reducing energy consumption and protecting the environment.

The programme reinforced the importance of developing energy-conscious habits and promoting environmental responsibility among library staff members. It was a meaningful initiative towards supporting the objectives of BRICS Sustainable Lifestyles Week and contributing to a sustainable and energy-efficient campus environment.

Glimpse of Session

Dr. Venkata Rao Pokuri
Librarian & Head, Central Library
