# NATURAL HISTORY EDUCATION CIRCLE

## ABOUT NHEC

The Natural History Education Circle aims to inspire curiosity about the natural world through engaging educational programs and events.

We offer workshops and activities that foster a deeper understanding of ecosystems, biodiversity, and conservation among diverse audiences.

Our community-driven initiatives encourage participation in citizen science projects, promoting hands-on learning and environmental awareness among everyone involved.

Through collaborations with schools and institutions, we create resources that nurture a passion for nature and sustainability in future generations.

## ACTIVITIES

**Nature Walks**

**Wildlife Workshops**

**Conservation Projects**

**Eco-Art Exhibits**

**Citizen Science**

## AIMS

The NHEC promotes awareness, curiosity, and conservation through educational programs, community engagement, and institutional collaboration.
